

Equiom

Welcome to Equiom

Equiom is a well-established, international professional services provider offering a range of innovative and effective business partnering solutions. We have a loyal and diverse client base throughout the UK with whom we have established long-term relationships, supporting them as their needs change and develop.

Equiom's management accounts services

Management accounting enables our clients to make informed business decisions through the provision of regular, timely and relevant financial and statistical information. It is the lifeblood of all well-run businesses, used to drive performance, inform strategy, maximise profit and enable comprehensive analyses to highlight issues.

Our tailored services can provide credit control, transaction processing and reporting, financial management and reporting to suit each client's needs.

Equiom

A partnership built on trust

We believe in building partnerships with our clients and intermediaries. The founding principle of Equiom Scotland is to become the accounts department for our clients, offering a flexible service to accommodate the fluctuating needs of the business.
