

Equiom

Welcome to Equiom

Equiom is a well-established, international professional services provider offering a range of innovative and effective business partnering solutions. We have a loyal and diverse client base throughout the UK with whom we have established long-term relationships, supporting them as their needs change and develop.

Equiom's payroll services

Every business has a requirement to operate a payroll whether it has one or 1,000 employees.

The technical requirements of running a payroll are becoming increasingly complex – as well as calculating net pay, tax, pensions and other deductions, changes in legislation continually increase the pressure placed on payroll managers. Our payroll bureaus relieve this pressure and ensure payroll is accurate, compliant and paid on time.

Equiom

A partnership built on trust

We believe in building partnerships with our clients and intermediaries. The founding principle of Equiom Scotland is to become the accounts department for our clients, offering a flexible service to accommodate the fluctuating needs of the business.
